1942 PRICE-LIST

1882
1942

Magnolia glauca
(Sweet Bay)

60th
Year

SINCE 1882 Glen Saint Mary Nurseries has furnished the best of Ornamentals and Fruit Trees to the gardens and orchards of the Lower South. We are proud of our record and happy in the friends made during those sixty years.

We are celebrating our sixtieth anniversary by issuing a catalogue without prices, and as this catalogue contains a list and descriptions of the planting material now best adapted to the Lower South, we believe this will not have to be reissued for some time.

Price-lists, of which this is the first, will be issued from time to time as changing business conditions demand and will provide the current prices of the plants listed in our catalogue.

We trust you will like this method of keeping in touch with you.

TERMS OF BUSINESS

LOCATION. General Office and Nurseries at Glen Saint Mary, Baker County, Florida, on Seaboard Air Line Railway, and State Road No. 1, 30 miles, west of Jacksonville. Office and Citrus Nurseries at Winter Haven, Polk County, Florida. Visitors are always welcome.

APPLYING PRICES. Orders for five (5), fifty (50), and five hundred (500) plants of one variety command the 10, 100, and 1000 rates respectively. Prices herein are for the Retail trade only and cancel all previous lists and catalogues. They are based on current conditions and therefore subject to change without notice.

CASH or satisfactory reference must accompany all orders for immediate shipment unless the party ordering has an account. On orders booked in advance of the shipping season, 25 per cent down, with the balance due when the shipping season opens, will be required. Reserve orders are accepted only upon conditions that they shall be void should injury befall the stock before shipment, from any cause not under our control. Stock held in our fields on reserve long enough to grow to a larger grade will be billed accordingly at shipping time.

BE SURE to state clearly when ordering how you wish shipment made—Parcel Post, Express, Commercial Truckline or Freight. Lacking this information, we will use our best judgment as to method of forwarding. On orders for shipment by Parcel Post, add 25 per cent to the list price to cover cost of packing and postage. Heavy shipments that would be expensive by Express can usually travel via Commercial Truckline nearly as quickly as by Express and for less cost. Please use our order blanks; additional ones will be mailed on request.

SHIPPING AND PLANTING SEASON. From the middle of November to April for bare-root plants covers the average season, but weather conditions each year govern beginning and ending dates. Balled and Burlapped plants and trees may be safely moved almost every month of the year.

SUBSTITUTION. It is our desire to furnish stock exactly as ordered. On orders for commercial planting, substitution of varieties will not be made without permission from customer. On small orders, items which we are unable to supply will be omitted unless we are instructed to substitute.

WE GUARANTEE all stock sent out to be well rooted, well grown, true to name, properly packed, and shipped according to instructions. Our liability under the foregoing guarantee is limited in amount to the original price received. There shall be no nursery stock sold under a guarantee to live, except with understanding that it will be replaced within 6 months from date of sale if it dies, at not less than 50 per cent of the purchase price, which shall be considered as insurance.

CLAIMS. If, by any possibility, errors should occur, they will be promptly rectified, if claim is made within 10 days after the receipt of goods. Our responsibility, except as stated above, ceases upon delivery of nursery stock in good condition to public carrier.
